

PARTICIPATION AGREEMENT

It is my intent to build a home that will meet the guidelines of the EPB Smart Build program. In order to promote the efficient use of electricity, EPB of Chattanooga will waive certain usual charges if guidelines are followed and will award certain other incentives and advertising to assist in promoting the aforementioned requirements. If at any time non-compliance is determined, EPB will invoice for all customers the charges waived or incentive payments made by this agreement and such cost will be due and payable at that time. We reserve the right to cancel this agreement with a 60-day notice.

I agree to participate in the following program(s): EPB Smart Build (Electric)
