BY ACCESSING, VIEWING, OR USING ANY PART OF THE SITE, OR BY SUBMITTING YOUR INFORMATION THROUGH THE SITE, YOU CONSENT TO THIS PRIVACY PRIVACY, EPB’S COLLECTION AND SHARING OF YOUR PERSONALLY IDENTIFIABLE INFORMATION ACCORDING TO THE TERMS OF THIS PRIVACY NOTICE, AND TO EPB’S WEBSITE TERMS OF USE, WHICH CAN BE FOUND AT [HTTPS://EPB.COM/LEGAL/WEBSITE](https://epb.com/legal/website) AND IS INCORPORATED HEREIN BY REFERENCE.

CHANGES TO THIS PRIVACY POLICY

EPB reserves the right, in its sole discretion, to update, change, modify, add or remove portions of this Privacy Policy from time to time. We will provide notice by, at a minimum, updating this posting. Any changes to this Privacy Policy will be in effect as of the “Last Modified” date referenced in this Privacy Policy. You are expected to, and you acknowledge and agree that it is your responsibility to, carefully review this Privacy Policy prior to using the Site and from time to time so you are aware of any changes. However, if we make material changes to this Privacy

Your continued use of the Site after the “Last Modified” date will constitute your acceptance of and agreement to such changes and to EPB’s collection and sharing of your personal information according to the terms of the then current Privacy Policy.

INFORMATION WE COLLECT

We collect information you share through the Site. We may collect personally identifiable information, such as your name, postal address, email address, phone number or any other identifier by which you may be contacted online or offline (“PII”) only when you have voluntarily provided such PII to us (e.g., through registration, contact inquiries, etc.). We may also collect information concerning you, including, but not limited to:

- The kind of product or service you are seeking from EPB
- Records and copies of your correspondence (if you contact us)
- Your responses to surveys that we might ask you to complete for research purposes
- Your search queries on the Site
- Details of transactions you carry out through the Site and of the fulfillment of your orders

As a general rule, we use PII and other information we collect only for the purpose for which you have divulged the data to us, such as to answer your inquiries, to address issues you may identify, to grant you access to password protected portions of the Site, to improve the Site, or to forward the information you provide to an internal EPB department for appropriate action. Survey information may be used to improve services and better gauge customer sentiment on issues ranging from services to Site design.

Automatic Data Collection

As you navigate through and interact with the Site, we may use automatic data collection technologies to collect certain information about you, your equipment, and your browsing activities.

We may use Google Analytics or other similar technologies (the “Analytics Technologies”) to collect and process certain information about you and your use of the Site. The information collected by the Analytics Technologies is statistical data and does not include PII, and we do not maintain it or associate it with PII we collect in other ways or receive from third parties. **You may learn more about how Google uses the information it collects by visiting the following site “How Google uses**

data when you use our partners' sites or apps" (located at <https://www.google.com/policies/privacy/partners/>). Google's ability to use and share information collected by Google Analytics about your visits to the Site is restricted by the Google Privacy Policy (located at <https://www.google.com/policies/privacy/>).

Our web servers and/or the Analytics Technologies may collect and store the following general information about you: the originating name of the domain from which you access the Internet; the date and time you access the Site; the pages of the Site you visit or the services you access on the Site; the Internet address of the website from which you linked directly to the Site; and the type of device, device ID, operating system and web browser you use to access the Site. This information is collected automatically. It is used to help us understand how people are using the Site and to improve the Site and deliver a better and more personalized service, including by enabling us to:

- Estimate our audience size and usage patterns
- Store information about your preferences, allowing us to customize the Site according to your individual interests
- Speed up your searches
- Recognize you when you return to the Site

Our web servers and/or Google Analytics may also collect Internet protocol addresses (the Internet address of a computer or other device) to track a user's session while the user remains anonymous. We analyze this data for certain trends in statistics, such as which parts of the Site users are visiting and how long they spend there.

Portions of the Site may use cookies and web beacons to improve user experience. Cookies are small files containing user-specific information generated by a web server and stored on a user's computer or device for future access. Cookies are used to remind us of who you are in order to deliver you better service. Web beacons are small files (also referred to as clear gifs, pixel tags, and single-pixel gifs) that permit EPB, for example, to count users who have visited certain pages and for other related Site statistics (for example, recording the popularity of certain Site content and verifying system and server integrity).

DO NOT TRACK POLICY

We may also use these automatic data collection technologies to collect information about your online activities over time and across third-party websites or other online services ("Behavioral Tracking"). "Do Not Track" is a proposed standard that is currently under development. As it is not yet finalized, we adhere to the standards set out in this Privacy Notice and **we do not currently respond to "Do Not Track" signals on the Site or on third-party websites or online services where we may collect information.** The information

we collect automatically is statistical data and does not include PII, and we do not maintain it or associate it with PII we collect in other ways or receive from third parties.

Some content or applications on the Site are served by third-parties, including advertisers, ad networks and servers, content providers and application providers. These third parties may use cookies alone or in conjunction with web beacons or other tracking technologies to collect information about you when you use the Site. The information they collect may be associated with your PII or they may collect information, including PII, about your online activities over time and across different websites and other online services. They may use this information to provide you with targeted content.

We do not control these third parties' tracking technologies or how they may be used. If you have any questions about targeted content, you should contact the responsible party directly. For information about how you can opt out of receiving targeted advertising from certain providers, see "Choices About How We Use and Disclose Your Information."

We may provide information to regulatory authorities and law enforcement officials in accordance with applicable law or when we otherwise believe in good faith that the law requires it. There may be instances when we may access or disclose your information in order to protect or defend the legal rights or property of EPB and its affiliated companies or their employees and agents, to protect the safety and security of users, and to protect against fraud.

EPB may sell, transfer or otherwise share some or all of its assets in connection with a merger, reorganization or sale of assets, or in the event of bankruptcy, without your permission. In such an event, PII may be one of the assets transferred.

The Site is developed and supported by third-party vendors, who may in the course of performing their services for us have access to your PII. We contractually require such vendors to maintain the confidentiality of your PII and keep your PII secure. Unless EPB requests your password in order to troubleshoot an issue you are reporting, do not to share your password with anyone.

Unfortunately, the transmission of information via the Internet is not completely secure. Although we do our best to protect your PII, we cannot guarantee the security of your PII transmitted through the Site. Any transmission of PII is at your own risk. We are not responsible for circumvention of any privacy settings or security measures we provide.
